

Bermuda Hospitals Board

Message from Human Resources & Organisational Development Sunday 5 April 2020

Our Bermuda community and the world are facing unprecedented challenges in stopping the spread of COVID-19. While most of Bermuda is now to 'Shelter in Place' for about two weeks, **BHB is still running**, and we would like to thank all of you for ensuring Bermuda can access the care services they need through this challenging time.

However, there are employees of our BHB family who have been placed on quarantine or isolation, or who may have to be quarantined or isolated as we move through the pandemic. We are reminding you that it is a legal requirement to follow the Government requirements for quarantine and isolation, and follow any instructions given to you by Employee Health Services.

There are serious legal consequences for non-compliance, and BHB will also have to consider disciplinary actions.

We urge you to be compliant, and encourage your colleagues who may be impacted to be compliant. The health and safety of our community and our colleagues is critical, and rests in our hands.
