

Bermuda Hospitals Board

Dr Wesley Miller, FRCA Chief of Staff

Dr Miller was appointed BHB's chief of staff effective 4 January 2021 after serving as chief of surgery since 2007. The chief of staff position reports to the CEO, and is accountable to the Board and the Minister of Health.

As chief of staff, Dr Miller leads BHB's team of medical and support personnel. The position is the most senior medical role at BHB and is responsible for the supervision of medical and dental care given to patients and residents in BHB facilities. Dr Miller's role ensures patient safety, sound clinical governance and building positive relations with the physician community.

Before arriving in Bermuda, Dr Miller worked in Jamaica and the United Kingdom. In 1989, he was awarded Fellow of the Royal College of Surgeons in Dublin, Ireland. He went on to serve as a registrar in Portsmouth, a senior registrar in Northern Ireland, and an ear, nose and throat surgeon in Rotherham, Yorkshire.

In 1996, Dr Miller was recruited to work as an otolaryngologist in Bermuda. After joining BHB, Dr Miller offered a wide range of services including paediatric and adult ENT procedures, sleep studies, allergy testing and management, and the evaluation and management of chronic obstructive airway disease (COAD) and asthma.
