Dear Dr. Richmond:

Accreditation Canada is very pleased to recognize the Bermuda Hospitals Board for earning Distinction in Stroke Services for the following sites and programs:

- Bermuda Hospital

Achieving Distinction indicates that your organization has demonstrated national leadership in the provision of high-quality stroke care. We applaud your success and urge you to celebrate this achievement.

As you know, Distinction requires an ongoing commitment to the highest levels of quality service. To maintain Distinction status, it is important to continue submitting performance indicator data through the Submission section of your Distinction portal.

For additional information on submitting indicator data or on any other aspect of the program, contact your Client Engagement Lead, Nyreen Colmenares, Advisor – Program Manager, at 1-613-714-0331, or by email at Nyreen.Colmenares@accreditation.ca.

Congratulations to the leadership, clinicians, and staff at the Bermuda Hospitals Board for your outstanding commitment to excellence and innovation in stroke services.

Sincerely,

Elizabeth Mason, MHA
