

Bermuda Hospitals Board

Our Vision

*To pursue excellence
through improvement,
to make Bermuda proud*

Bermuda

Composed of more than 130 individual islands, Bermuda has a land mass of about 21 square miles. Approximately 64,000 people live in Bermuda.

Bermuda Hospitals Board

Bermuda Hospitals Board (BHB) comprises King Edward VII Memorial Hospital (KEMH), Mid-Atlantic Wellness Institute (MWI) and the Lamb Foggo Urgent Care Centre. BHB is mandated through legislation to provide quality mental health and acute care for the people of Bermuda. As a quango, our operations are managed by BHB's Executive Team under the governance of a Government-appointed Board.

We serve Bermuda's resident population of approximately 64,000 people, as well as the many visitors who come to our island each year.

Given our relatively isolated geographic location, the Bermuda community needs a range of services far broader than would commonly be expected of a hospital serving a similar population base.

Our Services

KING EDWARD VII MEMORIAL HOSPITAL

- ◆ Acute inpatient care (all ages)
- ◆ Blood donation
- ◆ Cardiac diagnostics and care
- ◆ Chronic disease management and education
- ◆ Clinical dietetic services
- ◆ Diagnostic imaging

Bermuda Community Facts

Bermuda was first settled in 1609 by shipwrecked English colonists headed for Virginia. Tourism to the island to escape North American winters first developed in Victorian times. Tourism continues to be important to the island's economy, although international business has since overtaken it. Bermuda has developed into a highly successful offshore financial centre.

Economy: Bermuda enjoys the fourth highest gross domestic product per capita in the world, around 60% higher than that of the United States (*The World Bank, 2022*). Its economy is primarily based on providing financial services for international business and luxury facilities for tourists.

Location: 1,046 km / 650 mi east of North Carolina, USA

Time Zone: Atlantic time – one hour ahead of New York, USA, and four hours behind London, UK

Size: 53.7 square km / 20.7 square mi

Climate: The hottest months are May through October, with highs between 76°F (24°C) and 86°F (30°C). During winter months, high temperatures average 71°F (22°C). (*NOAA*)

Population: 63,648 (*Bermuda Department of Statistics 2021 year-end estimate*)

Age Structure

0-19 years: 20% (male 6,358/female 6,311)

20-64 years: 63% (male 19,755/female 20,651)

65 years and over: 17% (male 4,577/female 6,127)

Median age: 44 years

(*Bermuda Department of Statistics 2016 census*)

Ethnic Groups

Black (includes black, black and white, black and other): 59%

White, other, not stated (includes white, white and other, Asian, other, not stated): 41%

(*Bermuda Department of Statistics 2016 census*)

Nationality

Noun: Bermudian(s)

Adjective: Bermudian
