Forecast report	June 2008 Accredited with Condition	June 2011 Accredited with Condition	June 2015 Accredited	June 2019 Accredited with Exemplary Standing	November 2023 Accredited
Final report	January 2009 Accredited	November 2011 Accredited	Accredited	Accredited with Exemplary Standing	Accredited
<i>New Accreditation Canada decision levels came into effect January 2012 and were retroactive. As a result, BHB's status was changed to:</i>		March 2012 Accredited with Exemplary Standing			
<p>* Eight ROPs were identified as unmet in 2008. However, the total number of 16 represents several of the same ROPs identified as unmet within multiple standard sets. For example, Falls Prevention was identified as unmet in Ambulatory Care, Long Term Care, Medicine, Mental Health, Maternal Child and Rehabilitation.</p> <p>** Three ROPs were identified as unmet in 2015. However, the total number of four represents that the Falls Prevention ROP was identified as unmet within two standard sets.</p>
